Hold on tight
Wrap your arms around me til your knuckles are
burning white
All your tears
Couldn't match the bitter taste of all these wasted
years

You take take
Everything that wasn't even yours
Wait wait
You don't got a hold of me anymore

(Chorus)
In a clear view there's a silhouette
And I watch you and I can't forget
Knew we were done when you locked that door
Yeah I figured it out now
Breaking's what the heart is for

When I see you in a silhouette
And you hold close
Do you feel regret
Keeping me down when I hit that floor
And I figured it out girl
Breakings what your heart is for

For so long
I've had to bite my tongue but what's the point if the
feelings gone
I turn my head
Learned I only see some memory but all I see is red

Don't don't
Say it didn't happen that way
I won't won't
Believe another word that you say

(chorus)
In a clear view there's a silhouette
And I watch you and I can't forget
Knew we were done when you locked that door

Yeah I figured it out now
Breaking's what the heart is for

When I see you in a silhouette
And you hold close
Do you feel regret
Keeping me down when I hit that floor
And I figured it out girl
Breakings what your heart is for

Yeah breaking's what your heart is for
Yeah breaking's what your heart is for

And not a soul sleeps
Another heart skips a beat
It's every note that you wrote and I hope that you choke
on the lines
You're wasting my time, another heart beats tonight

(chorus)
In a clear view there's a silhouette
And I watch you, no I'll never forget
Knew we were done when you locked that door
Yeah I figured it out now
Breaking's what the heart is for

When I see you in a silhouette
And you hold close
Do you feel regret
Keeping me down when I hit that floor
And I figured it out girl
Breakings what your heart is for

Yeah breaking's what your heart is for (X4)
