Beautiful you are  
Yeah, you I choose  
I look to the stars  
For a girl like you  
And what I lost I have found  
And, yeah, we'll wait around  
For the girl that is you  
Yeah

Maybe a chance  
I could have with her  
We shared a glance  
At least I thought we were  
And what I have lost I have found  
And, yeah, we'll wait around  
For the girl that is you  
Yeah

You make my heart skip, but how?  
I'm scared  
What do I do now

I wanna go out  
I'm stuck here all alone  
I gotta get out  
I'm here all alone  
And I'm thinking of you  
You're on my mind  
I try to talk to you  
But you never give me the time of day

I dream of us  
And wake up alone  
We'll take the bus  
But I'm still at home  
And what I've done I'll do  
And then it's just me and you  
And then you leave in May

You leave me hard and lonely  
You are my one and lonely

I wanna go out  
I'm stuck here all alone  
I gotta get out  
I'm here all alone  
And I'm thinking of you  
You're on my mind  
I try to talk to you  
But you never give me the time of day

Do - do do do - do do do - do do do do do [x2]

You are  
Such and beautiful thing  
And all goods things must come to an end  
You are  
Such and beautiful thing  
And all goods things must come to an end  
It's the end - It's the end - It's the end for you  
It's the end - It's the end - It's the end for you  
It's the end - It's the end - It's the end for you  
It's the end - It's the end

I wanna go out  
I'm stuck here all alone  
I gotta get out  
I'm here all alone  
And I'm thinking of you  
You're on my mind  
I try to talk to you  
But you never never never never

I wanna go out  
I'm stuck here all alone  
I gotta get out  
I'm here all alone  
And I'm thinking of you  
You're on my mind  
I try to talk to you  
But you never give me the time of day

Do - do do do - do do do - do do do do do [x9]
