Bring back the memories
This one's giving up on you
Time is giving up on you
And there's no more time
Forgive me one more time

Cause I don't want you
Away
Just bury me, I'm away

Whisper warning
Away
Just bury me, I'm away

And not a day has passed
That I'm regretting
The windows closed
And she's not letting me in

One breath, one place slipped away and
Missed calls, misplaced
I can't stay too late
She's gone
I will miss her voice, her eyes, and love's first kiss

I can't remind you all the time
Bring it back, bring it back
To where we were before
I can't remind you all the time
No, no
Bring it back, bring it back

One breath, one place slipped away
Missed calls, misplaced
I can't stay too late
She's gone
I will miss her voice, her eyes, and love's first kiss

The day is gone
The sky is blue
I know you're all alone

And the sky is blue
Come back to me
The sky is blue
The sky is blue
