I should warn you  
things you're feeling  
Aren't normal now  
Think you need me  
It's not easy  
Let you go somehow. . .

Now we're too far gone  
Hope is such a waste  
Every breath you take you give me the burden's bitter  
taste  
You promised that you'd stay  
You say you wanna go  
Your lips provide a shelter for the things that I don't  
know

Please speak slowly  
My heart is learning  
Teach me heartache  
Stop this burning now

Wishful thinking  
Patience shrinking  
Bliss is far away  
North is calling  
Now I'm falling  
At your feet please stay. . .

Now we're too far gone  
Hope is such a waste  
Every breath you take you give me the burdens bitter  
taste  
You promised that you'd stay  
You say you wanna go  
Your lips provide a shelter for the things that I don't  
know

Please speak slowly  
My heart is learning  
Teach me heartache  
Stop this burning
