(L.Goshorn)

Well I'm tired and cold an' I just don't know who to see  
down here  
To keep me warm an' tell my troubles to  
I been wanderin' 'round in this lonely town an' I just  
can't see  
What's to keep me here it's empty without you

I'm goin' home yes I'm goin' home  
Race it a weighin' down my mind  
I'm goin' home yes I'm goin' home  
Wish I could go to stay this time

Well the rains are here and another year is gone again  
And so am I it's lonely without you  
I been gone so long I've forgotten your song an' the  
way ya try  
To keep me high it's lonely without you

I'm goin' home yes I'm goin' home  
Race it a weighin' down my mind  
I'm goin' home yes I'm goin' home  
Wish I could go to stay this time

I'm goin' home yes I'm goin' home  
An' it makes me lose my mind  
I'm goin' home yes I'm goin' home  
Wish I could go to stay this time

Wish I could go to stay this time
