Before I met you baby I don't know how I got along
Other lovers were just words to another lonely song
I was tired of singin' the same old tune for so long
You rewrote the melody
Now it feels just right for me

I I can't stop this feelin' (I can't stop this feelin')
Comin' over me (I can't stop this feelin')
I have finally found a feel for love
With just a touch of your love baby I feel it come again

Now I've finally found you and our love's a growin'
strong
Our love's a simple chorus just as words are to a song
Now you're lyin' next to me right where you belong
When I hold you close to me girl it feels just right for
me

I I can't stop this feelin' (I can't stop this feelin')
Comin' over me (I can't stop this feelin')
I have finally found a feel for love
With just a touch of your love baby I feel it come again

Here it comes again

Can you feel it like I do
Can you feel it baby
I have never loved anyone like this before
Just a touch of your love baby brings me back for more

I I can't stop this feelin' (I can't stop this feelin')
Comin' over me (I can't stop this feelin')
I have finally found a feel for love
With just a touch of your love baby I feel it come again

I I can't stop this feelin' (I can't stop this feelin')
Comin' over me (I can't stop this feelin')

I I can't stop this feelin' (I can't stop this feelin')
Comin' over me (I can't stop this feelin')

I I can't stop this feelin' (I can't stop this feelin')

Comin' over me (I can't stop this feelin')
