Sometime Kentucky Moonshine
Sweeter than the sweetest wine
When you're lonely... make you sing the blues
Anyway Kentucky Moonshine I love you... and

Sometimes you're like Kentucky Moonshine
And you're sweeter than the sweetest wine
When I'm lonely... you make me sing the blues
Anyway Kentucky Moonshine I love you

Kentucky whiskey make you feel so fine
Open up your eyes and give your nose a shine
Gets me deep inside just like your lovin' do
It makes it hard to choose between moonshine and you
I'm lonely... I sang the blues
But anyway Kentucky Moonshine I love you

Kentucky whiskey make you feel so fine
Open up your eyes and give your nose a shine
Gets me deep inside just like a lovin' do
It makes it hard to choose between moonshine and you
I'm lonely... I sang the blues
But anyway Kentucky Moonshine I love you, I do
I love you, Kentucky Moonshine I love you
