I feel the clouds rolling in I can feel the blue skies turn  
to gray  
I feel the darkness settin in and I know the sun is going  
down  
You see my ears they are my eyes now I can't see a  
blessed thing  
Oh how I wish I could see again the joys sunlite brings

I've got a lifetime of nighttime only nighttime do I see  
Got a lifetime of nighttime but it really don't matter to  
me

I don't want you to feel sorrow I don't want you to feel  
shame  
All I want is you to realize cause we all lord we all are  
still the same

Maybe this message I sing it should be clear  
Listen closely and you will see  
Take a look in the mirror and ask yourself  
Would you ever trade places with me

I've got a lifetime of nighttime only nighttime do I see  
Got a lifetime of nighttime but it really don't matter to  
me  
No it really don't matter to me

I've got a lifetime of nighttime only nighttime do I see  
Got a lifetime of nighttime but it really don't matter to  
me  
No it really don't matter to me  
No it really don't matter to me
