"Place In The Middle"

Visit "[Place In The Middle](#)" on MotoLyrics.com

There's a place in the middle where I'm sure we both
can meet
If we just stop bein' so proud
The things in the past that we can't understand
Don't forget them don't regret them start all over again

Things have just gotta get better but you know it all
comes in time
If we can find a place to meet then maybe things would
be just fine

Things have just gotta get better but you know it all
comes in time
If we can find a place to meet then maybe things would
be just fine

There's a place in the middle where I'm sure we both
can meet
If we just stop bein' so proud
