When I look around
I see you standing there
Its too predictable now
Living life in fear
Again you try to be the man
As i just tread here
You seem to speak so low
I keep back a tear

Why do you hate me?
Why do you wait for me?
Why are you always there?
Why?

Now, without a conscious mind
You tell me who I am
Hear only what you want
Denying your own hand
What did I ever do
To summon up your hate?
I question false desire
Inside a head so fake

You dont know me but you still see
Conflict in my eyes
I don't hate you but I pity you
Within these feelings of mine

Hate you feel that comes my way
Came from your way
Hate you feel that comes my way
Came from your way

Why do you hate me?
Why do you wait for me?
Why are you always there?
Why?

You dont know me but you still see
Conflict in my eyes
I don't hate you but I pity you

Within these feelings of mine

And now he's afraid cause he didnt do it

Now he's afraid

Now he's afraid

Now he's afraid

Now he's afraid

Now he's afraid

Now he's afraid

Now
