Sometimes
Your descent it gets me down
Wish that I could be
The one to overcome
In your frame of mind
To turn it all around
I want to be the one
Your one
Only wish that I could try your way
But I still try
Frustrating effort
'Cause I'd never
So how could you?

Sometimes
I'm away from cynicism
Wish that you could be too
Own
Self
The Cure
Take it all away
Take it all away
You are the only one, your
For a difference made to remake
But not redefine
Frustrating ever
To get through
But recognize through fickleness

So hang on a minute
And ask yourself why you're in this
Its mundane
Routine now
Familiar
Familiar predictions
So hang on, hang on a minute

So hang on a minute
And ask yourself why you're in this
Its mundane
Routine now

Familiar
Familiar predictions
So hang on, hang on a minute

Its boring
But I try
Look what you do to yourself
