Say my name
And I'll scream yours
'Til It's over
Is something wrong?
You told me
Im not even sober (again)

Break yourself in two
And break me in the process too into
Just a fraction of the jigsaw, a jigsaw without an edge
And you don't even realize it's you

Oh It's never over until the fat lady sleeps
But say it's my fault - it was our fault - as she slept
Where is she now? Tries to justify unstable way
It was never over until the fat lady slept

Say my name
And I'll scream yours
'Til It's over
Is something wrong?
You told me
Im not even sober (again)

Tell me something I don't know
And I'll tell you something you already know
But it'll kill you anyway, and it'll kill me, yes it'll kill me
And you wont take it away for the next show

I cant even give you something you can chew on
But you'll find it anyway
Just to justify your own unstable ways

Say my name
And I'll scream yours
'Til It's over
Is something wrong?
You told me
Im not even sober (again)

Well it all got you down

In mirages that you saw
He didnt pay you anything
So much cheaper than a fucking whore

Say my name
Say my name
Say my name
And I'll scream yours
'Til It's over
Is something wrong?
You told me
Im not even sober (again)

Im not even sober
I can't hear
Im not even sober
It comes to you
Thanks to you
