Food Will Win The War
"Life"

Could I find it out there
If I could fall asleep now
Would you stay and ease my pain ?

Could you see me running ?
And Would you come to my dreams ?
Would you hold me just a while ?
Just a while and give me

Life
Give me peace
Give me space in your protection
Give me light
Give me Love
Give me hope inside your arms
Whenever I get lost

Could you give me shelter ?
Would you stay at my side ?
Would you try to Stop the rain ?

Would you hold me out there ?
If Could I reach you somehow ?
Would you save me I canÂ´t breathe
And give me

Life
Give me peace
Give me space in your protection
Give me light
Give me Love
Give me hope inside your arms
Whenever I get lost
Whenever I get lost
Whenever I get lost

Give me Life
Give me peace
Give me space in your protection
Give me light
Give me Love

Give me hope inside your arms
Whenever I get lost
Whenever I canÂ´t speak
Whenever I donÂ´t find
A way right out there
Whenever i canÂ´t feel
Whenever i canÂ´t cry
Whenever i donÂ´t see
The way back home
The way back home
My way back home
Whenever I get lost
