Pleasure is a feeling rarely tasted,
Leisure was just time I spent and wasted,

But I always know that even though,
We're side by side we'll never work it out,
Or justify what we're about,

Knowing is much better than not knowing,
Things that I'd be knowing could bring, down a Boeing,

I always say that it's okay,
It won't be long before I've finally found,
My head is itching for a crown,

I can't hide all my life,
Shout it out - are you?
Shout it down - are you?
Another day and another night,
Another path to choose,
With someone I once knew,
I just want to be with you,

Gaining the attention of the nation,
Purely through my half-baked observation,
But I always know that even though,
We're side by side we'll never work it out,
And all I feel right now is doubt,

I can't hide all my life,
Shout it out - are you?
Shout it down - are you?
Another day and another night,
Another path to choose,
With someone I once knew,
I just want to be with you,

I just want to be with you,
I just want to be with you,
Want to be with you,
Want to be with you.
