I only ever want to see you,

When someone tells me that I need to.
Supposed to be your resurrection,
You should've left it on reflection.

Well there's something I'd like to say,
To you
Never be the same again,
Standing in the rain again,
Feeling lots of pain again,
December 28 again,
Your famous boxing day again,
You'll never be the same again.

So you just tell the same old story,
And strike another Englands Glory.

Well there's something I'd like to say,
To you
Never be the same again,
Standing in the rain again,
Feeling lots of pain again,
You're pushed out of the frame again,
December 28 again,
You'll never be the same again.

I saw you standing in the rain again,
I saw you feeling all that pain again,
I bet you wanna go where people go,
You're gonna leave a strain again,
I saw you standing in the rain again,
I saw you feeling all that pain again,
Never be the same again,
Never be the same again.
