If I could have the one thing,
I would ask that you were closer by,
We all fade to nothing,
And the cloud surround me that's no lie,

I wonder away sometimes,
As the light surrounds me here I stand,
Wearing jeans in heaven,
No one really wants to hold your hand,

Just forever,
It's just forever,
Why don't you say goodbye to whatever,
Only forever,
It's just forever,
So why don't you say goodbye to your heaven,

If I could have the one thing,
That I so desire of my time,
It would be a small thing,
No one really wants you to retire,

Just forever,
Only forever,
Why don't you say goodbye to whatever,
It's just forever,
Only forever,
So why don't you wave goodbye to your heaven,

Let me give you half a chance to score,
You'll never find out,
Let me give you half a gap to score,

It's just forever, (It's just forever)
Only forever, (Only forever)
Why don't you say goodbye to whatever,
It's just forever, (It's just forever)
Only forever, (Only forever)
Why don't you wave goodbye to your heaven,
I'm here forever, (I'm here forever)
It's just forever, (It's just forever)
Why don't you wave goodbye to your heaven,

It's just forever, (It's just forever)
Only forever, (Only forever)
Why don't you say goodbye to whatever.
