Forgive me

Give me one more try
You're not the only one that can make me sigh

Why don't you
Lift me
Lift me from the mire
Too busy staring cold at your magic eye

Well I get this feeling
I get this feeling
Jumbled around and round and round
Inside my mind

It's easy
To crease me like a page
Why do I think this way at such a tender age

You just released me
I'm let out of the cage
I'm selling at the back from a battered case

Well I get these feelings
I get these feelings
Rolling around and round and round
Inside my mind

I'll take another pill to make me feel better
Take another pill to make me feel better
Sometime
I'm gonna take another pill to make me feel better
Neck another pill to make me feel better

Well I get these feelings
I get these feelings
Jumbled around and round and round
Inside my mind
Yeah you might find
A special kind
Inside my mind.
(take another pill make me feel better)
