Yeah Yeah. I feel it now.

It's not like I'm short.

I mean, in my bare feet I'm almost six feet tall.

But the world can get so weird and some people go out
of their way to make

You feel small.

And even though I fight it, sometimes it's a battle just
to make it to the

End of the day.

I walk in the door feeling two feet high, but she won't
let me stay that

Way.

She makes me feel big. Big big big.

That's why I love her.

She makes me feel big. Big big big.

Aw, that's my baby.

It's not easy to make your way through a world that's so
cold and damp.

I mean, you start out with a big idea but it shrinks down
to a postage

Stamp.

And people criticize and say your doing it wrong, cause
it isn't what they

Think is right.

And all that stuff just pulls me down, but when I get
home at night.

She makes me feel big. Big big big.

That's why I love her.

She makes me feel big. Big big big.

Ah... Tell em boys

Give the drummer some.

My boss gives me so much crap. He acts like I'm a jerk.

I mean, it's bad enough getting shit outside. I don't
need to get shit a

Work.

And then on the subway riding home, it's like a cattle barge.
I walk in the door feeling broken, man. She's waiting to make me large.

She makes me feel big. Big big big.
That's my baby. That's why I love her.
She makes me feel big. Big big big.

You guys understand, Tell em what she does.

She makes me feel big. Big big big.

I feel so big so big.

She makes me feel big. Big big big

I'm getting bigger all the time. Do one more.

She makes me feel big. Big big big

Okay, I guess that's that. I think we got it.
Okay, I guess that's it. I think we got it.

Nah na na. Okay. That's it. That's it.
No, no no no. Okay. That's it.

Hey you guys. cut it out.
No, hey you guys. Now cut it out.

Wait a second. I'm not kidding. Cut the shit.
Hey, Hey hey hey. Wait a second. Cut the shit.

Wait. Hold it. This isn't funny.
Hey. Wait a minute. This isn't funny.

Don't you guys care if whether you get fired or not?
No. We don't care. We got paid.

Assholes. Okay. I'm pulling the plug.
No. No no no. Don't pull that plug.
