You've been here forever
I've
I've been here too
They said you were clever
Let's see what you can do
Cause I never wanted
Wanted to leave it
Said I can't believe it
Los Angeles
(Los Angeles)
Los Angeles
(Yeah I can't believe it)
Los Angeles
(Yeah)
Los Angeles
(Said I...)
Things can't be easy
You're getting older
The pressure's building
Living in Van Nuys
Cal-i-forn-i-a
What else could I say?
Cause I never wanted
Wanted to believe it
Said I can't believe it
Los Angeles
(Los Angeles)
Los Angeles
(Yeah I can't believe it)
Los Angeles
(The west side)
Los Angeles
You said you were leaving
Heading out to the east coast
Cause your heart was bleeding
And people can be so
But you must remember
That it ain't the weather
That's gonna protect you
They will still neglect you
But I'll always love you

Said I've always loved you
(So come on home)
Said I've always loved you
So get back in your car and head west to California
The sun will be shining
And we could be dining by the ocean blue
Cause I never wanted
Wanted to leave
Said I can't believe it
Los Angeles
(Los Angeles)
Los Angeles
(Yeah I can't believe it)
Los Angeles
(Los fue)
Los Angeles
(Said)
Los Angeles
(Said...)
Los Angeles
(Yeah I'll believe it)
Los Angeles
(Yeah)
