why do you treat me oh so badly oh so cruel  
im just a good boy need a good girl some one cool

now i cant live without you ( with out you )  
now i cant live without you ( with out you )  
now i cant live without you( with out you )  
i want to live

i need a solution too much pollution is in my head  
i think about you night and day i gotta get away  
youre always in my head

why dont you call me you're to busy im to plain  
why cant you see the things you do they cause me pain

now i cant live without you (with out you)  
now i cant live without you ( with out you )  
now i cant live without you ( with out you )  
i wanna live

i need a solution too much pollution is in my head  
i think about you night and day  
ive got to get away youre always in my head

i tried to end it but i know i can't be happy with you not  
around  
you not around  
i tried to end it but i couldent find an easy way  
to let you down  
to let you down, oh yeah

why do you treat me oh so badly oh so cruel  
im just a good boy need a good girl some one cool

i need a solution too much pollution is in my head  
i think about you night and day i gotta get away  
youre always in my head

i need a solution too much pollution is in my head  
i think about you night and day i gotta get away  
youre always in my head

oh yeah.
