I'm gettin out and steppin' in
to somewhere where it's warmer
First come will be first served
You'd better put in your order

Been out in the cold far too long
gonna set the town on fire (fire)
If you're not with me you better step aside
this boy's out for the kill kickin' higher

Oh 48 hour parole,
but I got to be a good boy
Oh 48 hour parole

Toein' the line ain't my style
and I ain't looking for trouble
I wasn't born I was carved out of stone
so don't try bustin' my bubble

chorus

verse 1
