I can't get nowhere with
I can't get nowhere with

Talk to me
Say things to me
Make me understand you love me
I can't get nowhere with you

I'm saying
You're playing
With my feelings
I'm just praying
I can't get nowhere with you

I put my trust in you
But how you let me down
I tried to treat you right
But you made me look like a clown

I'm showing
That you're going
Tears me up
My tears are flowing
I can't get nowhere with you

verse 3

I'm showing
That you're going
Tears me up
My tears are flowing
I can't get nowhere with
I can't get nowhere with
I can't get nowhere with you
