Nobody feels any pain
Tonight as I stand here in the rain
Everybody knows that baby's got new clothes
But lately I see her ribbons and her bows
Have fallen from her curls

Oh, she takes just like a woman
Yes she does
And she makes love just like a woman
Yes she does
And she aches just like a woman
Yeah, but she breaks just like a little girl

Mary, she's my friend
Yes, I believe I'll go see her again
Nobody has to guess
That baby can't be blessed
'Til she finally sees that she's like all the rest
With her fog, her amphetamines and her pearls

chorus

It was rainin from the first
I was dyin of thirst
So I came in here
And your longtime curse
Hurts but what's worse
Is this pain in here
I can't stay in here
Ain't it clear
I just can't fit

Yes, I believe it's time for us to quit
When we meet again, introduced as friends
Please don't let on that you knew me when
I was hungry and it was your world
