If you'd only realise
I'd been happy with you once before
Can't you let it be the same and more
without you fighting me fighting me

If you could only look into my eyes
then you would see the truth within them lies
that I am trying hard to bring us back together

You try so hard to complicate our love
but underneath it all it's pride my love
that's hurting us and keeping us apart

chorus x2

I start to wonder if it's worth it all
but then I look at you and start to fall
in love again like every time before
in love again like every time before
in love again like every time before
