"Pegasus"

Follow me, follow, see what you see.
I'll take somewhere where you've never been.
High on a mountain, deep down in the sea,
to faraway lands, you can travel with me.

I'm Pegasus, the flying horse.
I'm Pegasus, the flying horse.

Ride on my back and hold onto my wings
I'll take you by night to a time-leaping dream.
Time has no value where we're going to
People are happy; there, they're never blue.

chorus

This can only happen to you
if you keep our secret.
Don't tell anyone about our magic horse.
You can go where you want, I can take you anywhere.
Because I'm Pegasus, the flying horse.
I'm Pegasus, the flying horse.

chorus

verse 1

I'm Pegasus, the flying horse
