

The Hollies

"Sanctuary"

Visit "[Sanctuary](#)" on MotoLyrics.com

I walk the twilight zone beyond the city lights
In search of peace of mind I stole into the night
Tried to hide away from everything that threatened my
existence
I showed resistance

Up there big brother's got his tabs on where I go
They tried to force me down a road where I can go
So you imagine how I felt when you said "Baby I can
understand"
Touched my hand

You are my sanctuary
When I'm in your arms you take me away
You are my sanctuary
When I'm in despair I reach out and you're always there
You're always there

Beyond the skyways through the looking glass I roam
Into the never-never I found a star that glowed
And I descended on my last true wing and prayer
and you were standing there the one that cared

chorus

When there's no escaping and I panic in the night
I can run to you for cover
'Cos you'll always make it right

chorus x2
