(a cappella) (Shine shine silently  
I don't need no light in the darkness  
Shine silently  
No I won't get lost while your loves shines)

Just another room  
Just another town  
Same old crazy people hanging around  
Still you shine silently

Staring into space  
Comin' down alone  
Feel like packin' all my bags  
And running home  
Shine silently

Shine shine silently  
I don't need no light in the darkness  
Shine silently  
No I won't get lost while your loves shines  
Shines on me shines on me

chorus

People at the door  
People on the phone  
Same old story  
No time on my own  
Still shine silently

Nothing left to say  
Nothing left to prove  
When it's said and done  
There's nothing left but you babe  
Shine silently

chorus

Shine shine silently  
I don't need no light in the darkness  
Shine silently

No I won't get lost while your loves shines

Shine shine silently  
I don't need no light in the darkness

Shine silently  
No I won't get lost while your loves shines

Shine shine silently (silently)  
I don't need no light (I don't need no light) in the  
darkness (I don't need no light)  
Shine (shine) silently
