Oh baby
I'm aware of where you go each time you leave my
door.
Watching you walkin' down the street

Knowing there's another guy you meet.
This time before you run to him leaving me alone again
Think it over - haven't I been good to you
baby? Think it over.

Stop in the name of love before you break my heart.
Stop in the name of love before you tear it apart.
I'm trying hard
hard to the patient
wish you'd stop this infatuation.
But each time I think of you together I see myself losing
you forevel
This time before you leave my heart and rush back into
his arms -
Think it over - haven't I been good to you
baby?
Think it over - haven't I been sweet to you
baby?
Stop in the name of love before you break my heart. . . .
Stop in the name of love before you break my heart. . . .
In the name of love before you break my heart.
Stop in the name of love.
Stop in the name of love.
Stop in the name of love.
