"You In My Arms"

Whatever happened to you last night
You should have been here holding me tight
Without you in my arms

I've tried to hold out to get you here
I've waited ages to hold you near
Without you in my arms

People say that I'm a lonely one
but I'm going to prove you're not the only one only one
only one

(repeat)

It seems I tried just a little too hard
to make you stay with me all night
Without you in my arms
Without you in my arms
Without you in my arms
