I'm uptight, gotta give a little
slow down, take my time
Ease up, learn to relax a little
So close, so close
I'm shakin', shakin' with expectation
Breathless, outta time
Lips dry, feels like my heart is burstin'
So close, so close

Smooth as silk but sharp as a knife
Hotter than hell but cooler than ice
Hard as steel but soft with your touch
Take luck to the limit but don't ask too much
You're all woman, you're all woman
You're all woman
So close, so close
To losing my mind

Panic, I'm on the verge of breakdown
Half crazed, lost control, need you to kill my affection
So close, so close
Helpless, holding out for rescue
Gunned down, one more time
Breakthrough, gotta try to reach you
So close, so close

chorus

Woman, woman

Hard as steel but soft with your touch
Take luck to the limit but don't ask too much
You're all woman, you're all woman
You're all woman
So close, so close
To losing my woman
Woman, you're all woman
So close, so close
To losing my woman
You're all woman, you're all woman
