I feel so lonely that it's hard to see  
Like a fog rolling in around me  
Rolling my eyes at the light of day  
Last night was unrehearsed  
A slow dance with the girl that cursed  
I took heed of what she had to say  
Swallow the map before you travel  
Stay gone when your dreams unravel  
Moving around, take your badge away  
With the way you change your mind  
Disappear without a trace  
It gets hard to remember your face  
Dark days, white lines  
No way to see the road sign  
Going nowhere fast as we can  
Go whoa whoa whoa whoa  
Small hours in a rented room  
Quick glances at the door  
I need more but there's no one knocking  
I lost you in the snow and ice  
Feel lucky to be born tonight

There's still time to be blown away

Dark days, white lines

No way to see the road sign

Going nowhere fast as we can

Go whoa whoa whoa whoa

Dark days, white lines

No way to see the road sign

Going nowhere fast as we can

Go whoa whoa whoa whoa
