The boys are out  
They wanna fight  
They don't care if they're wrong or right  
Always trying to show how tough they are  
Tryin' to prove it through their car  
Look at 'em crooked get bust in the lip  
Just listen to my one little tip  
(chourus)  
Pretend you're gay  
Works so well  
Pretend you're gay  
What the hell  
Pretend you're gay  
Pretend you're gay  
Come up to you,  
Say, "You wanna die?",  
Just blow 'em a kiss and wink an eye,  
It scares 'em so bad,  
It scares 'em so much,  
They run fo the hills in a big rush.  
(chorus)
