Well, I win some and I lose some  
But I lose more than I should  
And every time the light shined in my direction  
I just couldn't seem to make good

I missed all my shots and I blew all my parts  
And I wasted all my time  
No meaning, no feeling  
No reason, no rhyme

Now assholes live in castles  
And maggots live in my brain  
And it just isn't worth the hassle  
To continue in this vein

Where everyone's searchin'  
And the whole scene is hurtin'  
And we're not very good  
Where the money is lousy  
And the drinks are expensive  
And I'm living in a bad neighborhood

Don't stop kicking me down  
Don't stop kicking me down  
Don't stop kicking me down  
You've got to do it because it feels good

Of course we're all very impressed with your face  
You've got the sea salt in your eyes  
You say we're not quite California  
So when we fail it will be no surprise

So easy to toss aside your own perfect alibi  
It's so easy, you see  
If you don't stop your hitting  
If you don't stop your kicking  
Hell, I may never ever leave

Don't stop kicking me down  
Don't stop kicking me down  
Don't stop kicking me down  
You've got to do it because it feels good

Am I speaking my mind again?  
Are you listening to me?  
Hey, I am talking to you  
Hey, I am talking to you  
Hey, I am talking to you

Don't stop kicking me down  
Don't stop kicking me down  
Don't stop kicking me down  
Don't stop kicking  
Oh, don't stop your kicking, kicking me down  
You're kicking me down
