Every endless night has a dawning day
Every darkest sky has a shining ray
And it shines on you baby can't you see
You're the only one who can shine for me

It's a private emotion that fills you tonight
And a silence falls between us as the shadows steal the
light
And wherever you may find it wherever it may lead
Let your private emotion come to me

When your soul is tired and your heart is weak
Do you think of love as a one way street
Well it runs both ways, open up your eyes
Can't you see me here, how can you deny

It's a private emotion that fills you tonight
And a silence falls between us as the shadows steal the
light
And wherever you may find it wherever it may lead
Let your private emotion come to me

Every endless night has a dawning day
Every darkest sky has a shining ray
It takes a lot to laugh as your tears go by
But you can find me here 'til your tears run dry

It's a private emotion... Come to me...
