[Kid Cudi] Have you heard the story (hey hey hey)
About a man Who had a plan, a plan Oh to keep it
moving (ahhh man living) Stress free, no he aint trippin
Trippin no more I'll tell you how he do it (how he do it
yeah) got to keep it to trill No showin love or affection
Learning from life's lessons(lessons) Be different on
the scene And you will truly see A different you and me
[Hook] (ho, hey ho) do you remember me (ohh oh) (ho,
hey ho) I bet you don't, don't (hey hey) (ho. hey ho) It's
just the pimp in me (ho, hey ho) a different me for you
[88 Keys] Hey honey you remember me I'm the one you
burned to the third degree I'm the one you sent to the
emergency I'm the one you texted you it's urgent,
please Call back And you reply, fall back With a bunch
of LOL's You typed in all caps And i'm like all snapped
Is this who i dealt with Such immaturity on this slim
pelvis You split and shit i'm selfish You head to the next
dude crib, he felt it He paid 40 bucks to the dick she
sells it And know he's irritated like hitch with the
shellfish Tell this to wifey We will never get married
Cause i was running game like larry to a bird Who can
score a lot of points Watchin while you was on my balls
While she go hard for the green like celtics [Hook] [88
Keys] They say sticks and stones will break some
bones But am I in the wrong I piss come on I bitch and
moan But I won't call you a bitch in this song Cause you
ain't feelin that pain You play a lot of games So I call
out your name Like paul revere For all to hear But I had
to chill on the curse, On this verse So I can get the
sampled cleared [Hook]
