Let people talk, they don't get it all

They don't know how you make me feel
I'm falling into love so real
It's sweet like honey on my fingertips
It's on my lips

And it's not secret anymore
You're here and nothing's like before
Don't ever wanna let you go

My love you are
My love you are
My love you are
You make me fall so hard
My love you are
My love you are

It only matters how we feel
My heart is open there is no fear
And I'm not scared to lose you
Let people talk they don't get it at all

Our love will stand the test of time
No matter what they say, you're mine
I stand by every word you'll see
That's me

My love you are
My love you are
My love you are
You make me fall so hard
My love you are
My love you are
My love you are

My love you are

My love you are
My love you are
My love you are

You make me fall so hard
My love you are
My love you are

My love you are
My love you are
You make me fall so hard
My love you are
My love you are
My love you are
My love you are
My love you are
