So what
I don't need that attitude
Can't stop thinking of you
'Cause I'm always
I'm thinking of you always

Wake up
Can't you see I'm in love with you
Wont you try to put yourself at my place
I'm thinking of you always

You, you're the one I love
You're the one I hate
Left without a trace
You're the sun
We used to sing and laugh
We used to have it all
But now it's much to late

So what
I'm the one who get fucked
So what
I don't care
I'm in love with the pain
I'm doing it again and again
Such a bad luck
Why you call me stupid fuck
Why don't you try to put yourself at my place
I'm thinking of you always

You, you're the one I love
You're the one I hate
Left without a trace
You're the sun
We used to sing and laugh
We used to have it all
But now it's much to late

Loving you was never easy
All this time you try to hurt me
All those years
I know it doesn't make sence

But still it's hard to stop
Hard to shake it off
Wont give up
Gotta let you know
I know it hurts
I know it doesn't make sence
But still it's you
You (x3)

You, you're the one I love
You're the one I hate
Left without a trace
You're the sun
We used to sing and laugh
We used to have it all
But now it's much to late
