Taken by vultures, swooped down to the raping  
Stolen by relentless talons  
Taken by vultures, swooped down to the kill  
Stolen by relentless talons

Abandon with reckless abandon with reckless  
Abandon with reckless abandon  
Take me  
Take me  
Take me  
Take me

Weak-----and blood red  
From a broken beak  
Here comes the sound of dusty wings  
Hungry for dead things

-----slaves!-----  
.....masturbate to a single note

Taken by vultures!@#!@#

Taken by vultures taken by vultures  
Taken by vultures taken by vultures  
Taken by vultures taken by vultures  
Taken by vultures taken by vultures
