Reminiscing on
Our indestructible days
The party never seemed to end
We donkey punched the night away

Sin after sin
Twenty Five / Seven
Some risky business, my friend
Fortune seemed to favor us
Round every dark and twisted bend

But you can't cheat death, can't outrun the grim reaper
You can't cheat death, can't outrun the grim reaper

This glass I raise is heavy
Heavy as my heart this day
The reaper slipped right past us
Bastard stole your breath away

The reaper slipped right past us
Bastard stole your breath away

We raise a heavy glass to you
And our indestructible days
May heaven's call to you make
Stars align and light your way

Farewell dear friend, fare thee well dear brother
Farewell dear friend, fare thee well dear brother

A sad and joyful toast to you
Heavy is my heart this day
Once more into the breach dear friend
Donkey punch the night away

Once more into the breach, dear friend
Donkey punch the night away

Farewell dear friend, fare thee well dear brother
Farewell dear friend, fare thee well dear brother
Farewell dear friend, fare thee well dear brother

Farewell dear friend, fare thee well dear brother

Farewell dear friend, fare thee well dear brother

Farewell dear friend, fare thee well dear brother

Farewell dear friend, fare thee well dear brother

Farewell dear friend, fare thee well dear brother
