"The Rapture"

I see you
Lingering around
Like a bad idea
Echoing salvation
Threatening damnation
About to drop you like Cain, like Cain dropped Able
About to drop you like Cain, like Cain dropped Able

Your no medium
Just the scum on the shallow end of a assumption
Time to come correct son
Rapture, my ass
You better hope He takes you
Before I do
About to drop you like Cain dropped Able
About to drop you like Cain
You better hope he takes you
About to drop you like Cain

I've had enough of your voodoo
About to drop you like Cain
You better hope he takes you

Wrote to Soddam
Your Gomorrah
Delivering redemption
Feel my resurrection
About to drop Cain, like Cain dropped Able
About to drop you like Cain
You better hope he takes you
About to drop you like Cain
I've had enough of your voodoo
About to drop you like Cain
You better hope he takes you
Before I do
