(Do do do, do do do do...)

my baby said she wanted some action  
i said baby, i can't give you that  
i'm a simple man  
my baby said she wanted adventure  
i said baby, the outside world's not safe  
we should sit down  
my baby said she wanted some action  
i said baby, i can't give you that  
i'm a simple man  
my baby said she wanted adventure  
i said baby, the outside world's not safe  
we should sit down

i read all the time about how they fly  
like children my mind is filled with playtime  
but why must i go out into the cold?  
my life is inside, we're safe, we can hide  
i read all the time about how they fly  
like children my mind is filled with playtime  
but why must i go out into the cold?  
my life is inside, we're safe, we can hide

my baby said she wanted some action

i said baby, i can't give you that  
i'm a simple man  
my baby said she wanted adventure  
i said baby, the outside world's not safe  
we should sit down  
my baby said she wanted some action  
i said baby, i can't give you that  
i'm a simple man  
my baby said she wanted adventure  
i said baby, the outside world's not safe  
we should sit down
