Its the kind of night when your eyes can see for miles  
But your head cant seem to get a thing straight  
On the edge of something you know is gonna change  
you  
But youre told youre gonna have to wait

If you feel like falling head over heels  
Then risk it all and Ill be right here  
I cant say what tomorrow holds  
But I know this is how it feels to let go

Ive made it 20 years and this next should be inviting  
What a party for me, will you be there?  
The truth is I am ready, Ive been waiting for whatever is  
waiting  
You dont have to surprise to excite me

If you feel like falling head over heels  
Then risk it all and Ill be right here  
I cant say what tomorrow holds  
But I know this is how it feels

If I close my eyes will this all go away?  
If I move my lips, will I know what to say?

If you feel like falling head over heels

If you feel like falling head over heels  
Then risk it all and Ill be right here  
I cant say what tomorrow holds  
But I know this is how it feels to let go

Its the kind of night when your eyes can see for miles
