Come close to me,
Stay next to me,
Open up to me, in love.

Show your eyes to me,
Show your smile to me,
I am childishly, in love.

You didn't know what you did inside my head,
I had it all but I needed you instead.
Where it goes we don't know but it's worth falling deep
Into,
Cause my love, was made to be with you.

I am keeping still,
I want my ears to fill,
With every word you spill, in love.

I am open wide,
Not a place to hide,
Kiss me once, I'll kiss you twice, in love.

You didn't know what you did inside my head,

I had it all but I needed you instead.
Where it goes we don't know but it's worth falling deep
Into,
Cause my love, was made to be with you.

So run, run to me, cause this is where you're meant to
Be,
And as long as it takes, I will wait for you, I'll wait
For you.

You didn't know what you did inside my head,
I had it all but I needed you instead.
Where it goes we don't know but it's worth falling deep
Into,
Cause my love was made to be with,
My love was made to be with,
My love was made to be with you...
