Looking through the window  
Climbing up your wall  
Hoping that the flowers down below will break my fall  
I see you getting ready  
To go out tonight  
But you're not wearing a single thing I recognize

Your window's shut, it's bolted tight  
You won't be coming home tonight

I'm falling out of place  
I see it in your face, you're moving on without me  
On and on and on without me

I see you in the drive-way  
Laughing in his car  
The parking lights are flashing on my face, and there  
you are  
You're fogging up the windows  
Your feet are on the dash  
Hell, I guess that things that last forever just don't last

The door is locked, he's holding tight  
You won't be coming home tonight

I'm falling out of place  
I see it in your face, you're moving on without me  
On and on and on without me  
It's such a big mistake  
I can't forget your taste, you're moving on without me  
On and on and on without me

On and on and on and on and on and on and on and on without  
me

It's such a big mistake

I'm falling out of place  
I see it in your face, you're moving on without me  
On and on and on without me  
It's such a big mistake

I can't forget your taste, you're moving on without me  
On and on and on without me

On and on and on and on and on and on and on and on without  
me

It's such a big mistake
