SheæŠ ready to burn
I feel her on my back and it's heating up shop
Pumpin' hard on my nitrous when my tranny goes pop
I can drive on it hard but when sheæŠ riding the fence
I step upon my brake and then I feel her get tense
SheæŠ a Holly four barrel in a yellow swim suit
She got the curve but I got the juice
So donæŠ let me tell you go stop-go
IæŠ flipping my switches like itæŠ Nintendo 64 yo
Hold on IæŠ busy with a pit girl named Pamela
She got the cash æ...ause she brought the camera
She went forty five I went forty six
Together we were 91 and melting out slicks

Masterbraker.....Back like Jesus

Well IæŠ a Masterbraker semi-stimulator breakin?that
ass as I emulate her,
Burnin like cocaine back like Jesus

SheæŠ lubing up a chassis thatæŠ ready to burn
I think I can take her on the next pin turn
She got the wheel, but I got the brake
Stompn' out pedals until it feels like an earthquake
187 was her position on the pole
The rabbit must burn when the turtle getæŠ cold
IæŠ a speed man with a fresh take
I can take her on the slide when I use my brake
SheæŠ a one trick pony with a race track mind
IæŠ two track money when sheæŠ in behind
I step upon my brake and pull it real classy
Holy fuck I think she passed me

Masterbraker.....Back like Jesus

Well IæŠ a Masterbraker semi-stimulator breakin?that
ass as I emulate her,
Burnin like cocaine back like Jesus

Masterbraker.....Back like Jesus
