You buried this on your own
Six feet behind you mind
Forward being foremost
I buried this with regret
Six feet within my chest
Beyond this faint excuse for a beat

If only your grave was
As shallow as yourself (yourself)
You would thrive
You would thrive

But this hole that you've made
With the plot in your mind (your mind)
Is far to deep this time
For repent (repent)
For repent
For repent

You're too far down
To dream about the surface
And this can't be renewed
You're too far down
To dream about the surface
We can't be renewed
You're too far down
To dream about the surface
We can't be rebuilt

I'll take what made you tick
And bury you alive
Bury you alive

You'll never see the sun
(And with a parting wave)
Our course has overrun
(I'll dance upon your grave)
You'll never see the sun
(And with a parting wave)
Our course has overrun
I'll dance upon your grave
