Listen to the voice of Buddha

Saying stap yaur sericulture.  
Little people like your children  
Boiled alive for some god's stocking -  
Buddha's watching  
Buddah's waiting.  
Just because the kid's an orphan  
Is no excuse for thoughtless slaying.  
People don't forget this slaughter

Just because you call her mother  
Doesn't mean that she's your better.  
Once more with the voice of Buddha

He'll say carry on your slaughter  
Who cares for the little children

You can slice with no conviction  
Blind revenge on a blameless victim.  
Listen to the voice of Buddha -  
He'll say carry on your slaughter
