No future they say
But must it be that way?
Now is calling
The city is human
Chorus :
Blind youth take hope
You're no Joe Soap
Your time is due
Big fun come soon
We've had it easy, we should be glad
High-rise living's not so bad
(Chorus)
Dehumanisation
Is such a big word
It's been around since
Richard The Third
Dehumanisation
It's easy to say
But if you're not a hermit
You know the city's OK
No future they say
But must it be that way
Now is calling
The city is human
(Repeat chorus twice)
We've had it easy, we should be glad
High-rise living's not so bad
(Repeat chorus three times)
