My life - I'm a fool for you
You who take no advice
You who think evil doesn't exist
Just because you deny it is true

Chorus :

You're lucky I care
For fools like you
You're lucky I'm there
To stop people doing the things
That you know they're dying to do

(Chorus)

Refrain :

You know I am no stranger
I know rules are a bore
But just to keep you from danger
I am the law

(Refrain)

A dog must bark
So evil calls
Both in the wild and
Within these walls

(Chorus)

(Repeat refrain four times)
