In this bloody pool  
I see such a fool in me  
Now my blood is gone  
How could I let myself believe  
In you

Now I'm cryin'  
Cause I'm tryin'  
Too hard  
Mirror's fadin'  
Complicatin'  
My heart  
Can I kill the past  
With one look  
At this fool

Thought I read the signs  
Leading to divine embrace  
I misread the words  
Took a giant leap of faith  
For you

My disaster  
Made you master  
Of me  
No hereafter  
No more chapters  
Between  
Will you let me go  
Or hold on  
To this fool
